

Dementia India Alliance launches

National Dementia Support Line and Online Memory clinic

On September 5th, 2023, in Bengaluru, we held our press conference where we successfully announced two of our key initiatives for helping people living with dementia and their families. This was held at the Conference room of Royal Orchid, Manipal Center Dickenson Road, Bengaluru.

Dementia India Alliance has launched National Dementia Support line – 8585 990 990 Support Line, operate from 8:00 am to 6:00 pm, Monday through Saturday, offering services in six vernacular languages English, Hindi, Tamil, Malayalam, Kannada, and Telugu. Support Line to offer information, guidance, support and memory screening to individuals and families facing the challenges of dementia, absolutely free of cost.

The national non-profit organisation has also set up DemClinic (www.DemClinic.com) - expert-led cognitive assessment platform for the elderly. It is a comprehensive expert-led cognitive assessment platform for the elderly. The initiative is aimed at supporting families and persons with dementia through post-diagnostic care and support. The national non-profit organisation has also set up DemClinic (www.DemClinic.com) - expert-led cognitive assessment platform for the elderly.
